Indus University
2026-Present

Bachelor of Computer Application | CGPA: 9.6

Silver Oak University, Ahmedabad
2021-2024

Skills

UI/UX: User Research, User Interviews, User Flows, Information Architecture, Wireframing, Prototyping, High-Fidelity Design, Interaction Design, UI Design, Design Systems, Usability Testing, UX Audits, Responsive Design, Accessibility

Tools: Figma, Framer, Adobe Photoshop, Adobe Illustrator, CorelDRAW, Canva

Design Skills: Visual Design, Typography, Color Theory, Design Thinking, Problem Solving, User-Centered Design

Projects

Campus Connect - Smart Campus App

Designed an all-in-one campus navigation and information app to help students access classrooms, bus timings, canteen information, hostel services, events, and campus updates.

Designed user flows and navigation experiences to simplify access to essential campus services.

BookMyShow Kids App - UI/UX Case Study

Designed a kid-friendly movie booking experience for children aged 8–12 with simplified navigation and age-appropriate content.

Conducted user research through survey responses and child interviews to identify usability and safety challenges.

Care Band: Product Innovation

Designed a wearable safety solution combining QR-based identification, location tracking, and emergency information.

Defined the user experience around quick access to essential user information during emergency situations.
